Volunteer Programming Application, continued...

4.) How does your program meet the mission of Sand Point Arts and Cultural Exchange (SPACE) to benefit the community?

5.) Please describe your radio or other relevant experience or skills you would like to develop.

6.) What type of resources do you need to produce your program? Do you need training on the equipment? Will your show be produced elsewhere or on site?

7.) Please list possible partnerships and/or underwriting support for your show. Partnerships may include others who may be able to contribute additional programming in the same or complementary subject matter. Underwriters may be local businesses with a relation to your subject matter or audience, or individual donors who may want to give you a plug on the air just for fun.

8.) Sample playlist (if music program) or sample guest list and topics

9.) Are there other volunteer contributions you'd like to make to the station? Please note: all programming is volunteer and all volunteers must first complete five hours of various tasks which keep the overall station operations running smoothly.

**Thank you! Please save and email your completed application to hello@space101fm.org.
Please feel free to follow up if we haven't responded within 14 days.**
